

Brian's Wish

CURE Lou Gehrig's Disease

October 1, 2008

Dear Camp and Brew,

The Executive Board of Directors of Brian's Wish has made the decision to change the manner in which Brian's Wish will operate. In the six whirlwind years of operation, we have met many wonderful friends who have helped us provide extensive funds for awareness and research for ALS. Due to life changing issues, we have come to the difficult decision that it is time for all of us to retire and make Brian's Wish Fund a permanent fund within the Hendricks County Community Foundation (HCCF).

Even though we will not be actively involved in fund raising, the endowed fund will award grants annually to Johns Hopkins Packard Center for ALS Research. While our hearts will always be with Brian's Wish, we will still in some way always support ALS.

We are deeply grateful for all of the effort and hard work given by so many of you. Brian's Wish would not have been successful without you!

We are pleased to announce that we are donating another \$25,000 to Johns Hopkins Packard Center for ALS Research, bringing our grand total to \$75,000. We have also made many donations to the Indiana Chapter of the ALS Association to help them raise awareness of ALS.

We appreciate the support everyone has given us and feel very confident that Brian would approve of our decision.

With our heartfelt thanks,

Jim and Nancy Hall
Mary Ann and Ron Miller

Donations may still be given to Brian's Wish in care of:
